- Wedding Flowers -

We love weddings. We really do; the joy is completely infectious. Our knowledge of flowers and our gorgeous designs and skills, will ensure the floral element of your day is a true reflection of your style. Whether your wedding is a small, intimate affair or a grand celebration we will make sure your flowers are truly special.

Based in Sevenoaks, Kent, we have been creating beautiful, bespoke flower designs for just over ten years. Deborah has a team of people who are equally passionate about flowers and nothing will leave the workroom anything less than perfect. We take great pride in our personalised approach to every detail.

During your initial wedding consultation, we'll find out about you, your likes and dislikes, talk about the venue, the dress, colours - and then we will come up with something wonderful.

- Bridal Party -
